Chicago Faucets No. 980-VR909CAGCP, polished chrome plated solid brass construction. Vandal resistant turret with one ball valve. Lever handle with air, gas and vac service button. Non-removable serrated hose nozzle with check valve. 3/8" NPT inlet shank. All threaded connections cemented. Vandal resistant pin in turret. This product is tested and certified to industry standards: ANSI Z21.5a and CGA 9.1M.

OPERATION AND MAINTENANCE

Installation should be in accordance with local plumbing codes. Flush all pipes thoroughly before installation. After installation, remove spout outlet or flow control and flush faucet thoroughly to clear any debris. Care should be taken when cleaning this product. Do not use abrasive cleaners, chemicals, or solvents as they can result in surface damage. Use mild soap and warm water for cleaning and protecting the life of Chicago Faucet products. For specific operation and maintenance refer to the installation instructions and repair parts documents that are located at www.chicagofaucets.com.

Chicago Faucets, a member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports, and sport facilities. Call 1.800.TECTRUE or 1.847.803.5000 Option 1 for installation or other technical assistance.
