

Engraved Plastic Equipment And Valve Tags ←

DESCRIPTION

Equipment identification tags are engraved in 1/16" or 1/8" laminated plastic with mounting holes or adhesive backing. Standard material is 2-ply; 3-ply also available. Engraved information clearly shows against background. Letter size will be adjusted to fit available space or specification requirements. Service temperature range: -20°F through 175°F.

AVAILABLE STOCK COLORS

Black, Green, Red, and Blue with White Letters.
Yellow and White with Black Letters.
Custom colors available upon request.

VALVE TAGS

Standard Valve Tag sizes are 1-1/2", 2", 3", and 4" round, square or triangle shapes.

EQUIPMENT TAGS

Equipment tags are available in any size. Sample sizes are 1" x 3" or 2-1/2" x 4" for control devices, dampers and valves, 4-1/2" x 6" for large equipment or larger as required.
